## An “international” friendship

*During my stage in London I met a special friend at the college, Kevin.*

*Kevin was born in USA but his family is from China. Kevin was in London for some months because of his job: his work deals with economy and business.*

*I met Kevin for the first time while I was waiting for the lift. We went on to talk for the next days. We talked in the canteen at dinner or breakfast time about our families, free time and future plans.*

*Kevin's fond of football, his favourite team is Arsenal.*

*Kevin is tall and slim, his hair is black and short.  
We are still texting on whatsapp and instagram.  
I hope he will come to Italy and visit Milan and  
Varese.*

***I hope we will meet again!***

***I enjoyed my staying at the College, I enjoyed  
meeting people from all over the world... to get my  
English and my relationship far better.***
